2010 Inaugural Banquet

January 30, 2010

The Mansion, Voorhees

A Message From Our President

Despite Mother Nature's best efforts the evening of January 30th, 2010 was a fantastic evening recognizing Architects and community members alike. I'd like to recognize Sustainable Cherry Hill as the 2010 Community Service Award winner and Grant Peatman, AIA as the Louis Geottleman Award winner once again.

The 2010 AIA West Jersey Executive Board thanks you for your support and trust. We are looking forward to serving your needs throughout the course of the year. The AIA West Jersey Executive Board is in place to serve the membership and help forward the development of the chapter. We are in the process of reaching out to the membership to hear what the membership wants. Please take this opportunity to make suggestions that you feel will improve the performance of the chapter or increase the value that the chapter provides to you as a member. We do thank you for your time while we perform this survey. It is a useful tool in helping to shape future events and planning for the chapter.

You've been hearing about the development of the AIA West Jersey website for some time. I'm thrilled to say that we are nearing the goal of implementing the site. In the future all West Jersey information will be distributed through the website and will direct you back to the site for additional information. We intend for the website to become a heavily used resource for the membership. We are looking forward to hearing from you to see what you'd like to see the website become.

We have another slate of great events planned for 2010. We start the year with the 2010 Student Design Awards. This event brings students from each of the Philadelphia Schools of Architecture and Design to Haddonfield, NJ on Tuesday March 30th for a design competition. All four students (as selected by their Universities) will receive prizes. The event is going to be held at the Haddon Fort Nightly again. The evening is free for all members and guests. We welcome everyone to come out and sit in on the student presentations. The event continues to be an enjoyable evening for all and includes three (3) continuing education credits.

AIA West Jersey has a long standing tradition of holding their annual golf outing in the fall. This year we are happy to announce that the AIA West Jersey Golf Tournament will be moving to May 24th at the Medford Village Country Club. The 2009 tournament was a tremendous success and we look forward to your continued support. I'd like to extend a Special thanks to Ron Franke and Tony Gambino as co-chairs for the event again this year.

Sincerely,
William J Fearon, AIA
AIA West Jersey President

Sustainable Cherry Hill was honored with the American Institute of Architects (AIA) West Jersey Community Service Award. The award is presented each year to a local individual or organization that has impacted the community in regards to architecture and the built environment.

Lori Braunstein, executive director of Sustainable Cherry Hill, is thrilled the AIA-West Jersey Chapter is recognizing the importance of sustainability. "Green building professionals have become leaders in promoting positive changes in the way we use natural resources, energy and supporting the local economy," Braunstein says. "Architects, in particular, have been ahead of the curve in pushing green building practices to real world applications."

"We are proud to recognize Sustainable Cherry Hill for its efforts since its founding a few years ago," AIA West Jersey President William Fearon says on behalf of the group's executive board. "Grassroots efforts such as Sustainable Cherry Hill are an important aspect of preserving our environment going forward and should be recognized for that." For more information on Sustainable Cherry Hill, visit www.sustainablecherryhill.org or call 609-238-3449 "

Grant Peatman, AIA Recipient of the Goettleman Award

Each year a member of AIAWJ is selected to receive this prestigious service award. The Goettleman Award is presented to a member who has demonstrated extensive commitment and performed exemplary service to the Chapter.

Grant Peatman has served on the AIA WJ Board since 2004 and continues to sit on the Board as a Chapter Trustee. He's also continued to represent our Chapter by sitting on several committees on AIA NJ. He first became involved with the West Jersey Board when volunteered to serve as Golf Committee Co-Chairman in 1997 and 1998.

When he became Chapter Secretary in 2004 he resumed his role as Committee Chairman and remained in the role for 5 straight years. As the event has increased in size and popularity, the duties of the Chairman have also increased making this tenure extremely admirable.

For his continued dedication and commitment to AIA West Jersey we were very honored to present the Louis Goettleman Award to

Grant C. Peatman, AIA.
